

Online Baby & Toddler and Infant Group fundraiser

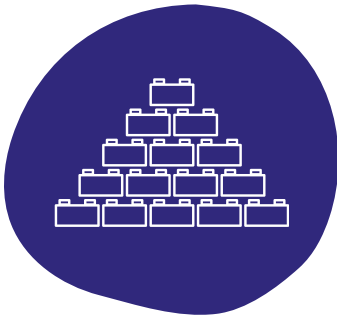

Recently our family has been attending a Baby & Toddler online community hosted by Caring Matters Now, a charity close to our hearts, supporting families like ours affected by Congenital Melanocytic Naevi (CMN). Caring Matters Now provides support through FREE membership and to do this they rely on the generosity of giving.

On Saturday 23rd March our Baby & Toddler online community are coming together to raise money for Caring Matters Now, so the charity can **SUPPORT** more families like ours, continue to raise **AWARENESS** of CMN, and to fund vital **RESEARCH** to find the cure for CMN.

If you would like to find out more about CMN, scan the QR code!

In one minute _____ is/are going to raise funds by...

building the highest possible tower

clapping as many times as possible

bouncing as many times as possible

sliding as many times as possible

Our goal is to raise (Circle your goal)

£10

funds the cost of our interactive Baby & Toddler Activity Pack which we gift to each family who joins our monthly Baby & Toddler Online Community Group.

£15

funds the cost of a family to attend a CMN support event - bringing together our CMN community to share experiences, develop friendships and reduce the feeling of isolation.

£20

pays for the CMN medical booklet to reach the hands of 20 medical professionals, ensuring the right diagnosis and medical care is given to children and adults living with CMN.
